

GM Policy

Forrester (Sales) Ltd acknowledges the public concern about Genetically Modified Organisms (GMO's). Poultry products produced by Forrester (Sales) Ltd are free from GMO however the feed status of our suppliers may not be GMO free.

GM feed, which is very unlikely to contain viable GMOs, is digested by animals in the same way as conventional feed. Food from animals fed on authorised GM crops is considered to be as safe as food from animals fed on non-GM crops. (<https://www.food.gov.uk/business-guidance/gm-in-animal-feed>)

All ingredients used within brines and marinades are GMO free.
